

2008 Shower of Love

Fall 2008

The Shower of Love is a community-wide baby shower, collecting new and gently used clothing and necessities for John Peter Smith Hospital's tiniest patients.

Items are donated to Partners Together For Health, the foundation for JPS Health Network. The items are then distributed throughout JPS to the patients and families who need them.

Last year nearly 6,200 babies were born at John Peter Smith Hospital. It is estimated that about half may lack sufficient clothing and items in their homes to give them a start.

Shower of Love has generated more than \$40,000 of in kind and cash donations of nearly \$19,300 to help more than 1,400 families.

Change the life of a child today
