JPS Health Network to Break Ground on New Medical Home Southwest Tarrant

Fort Worth, Texas – JPS Health Network is holding a Groundbreaking Ceremony for the new Medical Home Southwest Tarrant, a future primary care clinic. The facility is part of the JPS Bond Program approved by voters to expand and modernize facilities across the Tarrant County.

The groundbreaking ceremony will be held at 2:30 p.m. on Wednesday, December 7 at the corner of Granbury Road and Mesa Springs Drive in Fort Worth. Parking will be available onsite. Light refreshments will be provided.

The new medical home is located in the 76123 zip code and will primarily serve residents of Fort Worth's Wedgwood neighborhood in Southwest Tarrant County. This community showed the highest growth and the greatest need for additional healthcare services.

The medical home model allows patients to access care under one roof for convenience and efficiency. The new clinic will include primary care services as well as other ancillary healthcare services to address the socioeconomic needs of the community.

The property was purchased from Kroger Texas for the price of \$4,050,000. The clinic will be built by Byrne Construction Services, Post L Group, and SBL Architecture. Visit YestoJPS.org for all JPS Bond Program updates.

About JPS Health Network:

The Tarrant County Hospital District, known as JPS Health Network, is a tax-supported organization serving the healthcare needs of families in Tarrant County. Home to Tarrant County's only Level I Trauma Center, JPS provides adult inpatient care at John Peter Smith Hospital in Fort Worth, Texas, and offers comprehensive services including primary care, behavioral health, and pharmacy at more than 25 community locations. JPS is governed by an 11-member Board of Managers, whose members are appointed by the Tarrant County Commissioners Court. JPS was named the Best Hospital for America by *Washington Monthly* magazine and the Lown Institute in 2020, and Outstanding Healthcare System by *D CEO* Magazine.
